All fees are excluding VAT

VAT may or may not be payable on the above fee estimate as this is dependent on the country in which you reside.

\*Our fees are calculated based on the number of hours it will take us to carry out this work. The exact number of hours it will take depends on the circumstances in your case, such as:

- the volume of supporting documents and evidence that we need to consider;
- whether you have an adverse immigration or criminal history;
- whether you are applying alone or with dependants;
- whether you require advice on your current immigration status.

If you are able to provide sufficient evidence and documentation at the outset of the process to demonstrate that you clearly meet the eligibility criteria, the cost is likely to be at the lower end of these ranges. The estimates are based on the following hourly rates:

Partners and Consultants	£330
Associates	£275
Solicitors	£185
Trainee Solicitors	£115

Fees are excluding VAT

Disbursements are costs related to your matter that are payable to third parties, such as visa fees payable to the Home Office and document translation fees. These are not included in the above estimates. A list of these and their fees can be found [here](#). We usually advise you to submit the application yourself and pay these disbursements directly.

---

**What's not included:**

- following the rejection of your application, for example advice on alternative options, administrative review, endorsement review and appeals;
- with arrival in the UK, police registration, collecting BRP;
- with attendance at Home Office interviews.
- Submitting the application.

**How long will my application take?**

We cannot guarantee how long the Home Office or Designated Competent Body will take to process your application. Please read the current processing times for your visa application type [here](#).

Depending on the complexity of your application and the level of support required, we will normally be able to provide the above services to allow you to submit your visa application within 2 weeks of you providing us with the draft documentation. We will inform you at the earliest opportunity if it is likely to take longer than this.

The Tier 1 Exceptional Talent (Stage 1 – endorsement) application routinely takes longer than this due to the number of documents to review and versions of draft documents to prepare. We will normally be able to provide the above services to allow you to submit the endorsement application within 6 – 8 weeks of you instructing us.

Applications are likely to vary and of course, we can give you a more accurate estimate once we have more information about your specific case.

**Who will provide the services?**

Work will be undertaken by our immigration specialists and their experience can be found [here](#). The work is supervised by an experienced Immigration and Employment Partner and the work of any trainee solicitor is closely supervised by our specialist associate.
