

meet the team

We focus on areas of legal practice that are vital to the needs of businesses working in the education sector. A large procurement and competition law team is available to respond to problems and issues that the private sector face in bidding for business, we support clients across the full range of legal service requirements including corporate finance, commercial, property and employment and pensions.

With in-house Trade Mark expertise, a network of overseas partnering practices and one of the most active technology teams focussing increasingly on the edu-tech agenda, Ward Hadaway is rapidly becoming a law firm of choice for the sector.
